ENCON CORPORATE PROFILE

Is an experienced turnkey solution provider in the field of water, sewage and wastewater treatment & recycle systems. ENCON provides the most comprehensive, economical solutions to various treatment and recycle requirements for industrial, institutional, domestic and municipal customers , through a pioneering approach.

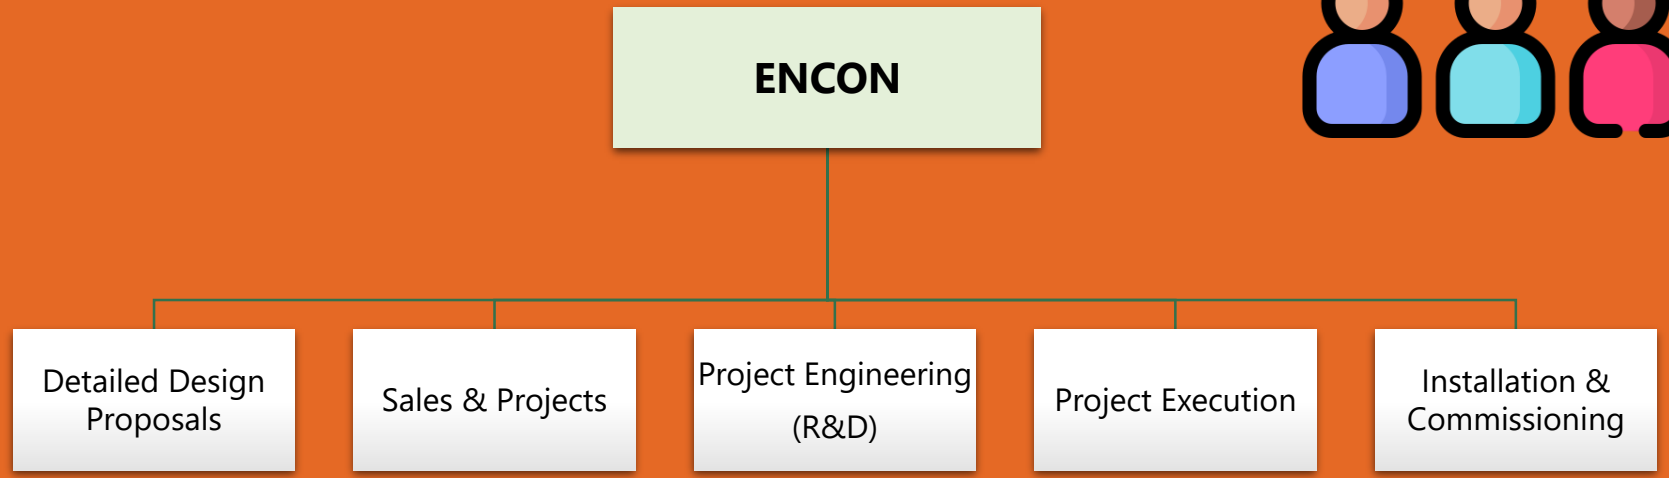

Our Vision:

To command respect in business circle as a trusted brand in providing ECONOMICAL SOLUTION to all their water and recycle needs.

Organization Chart

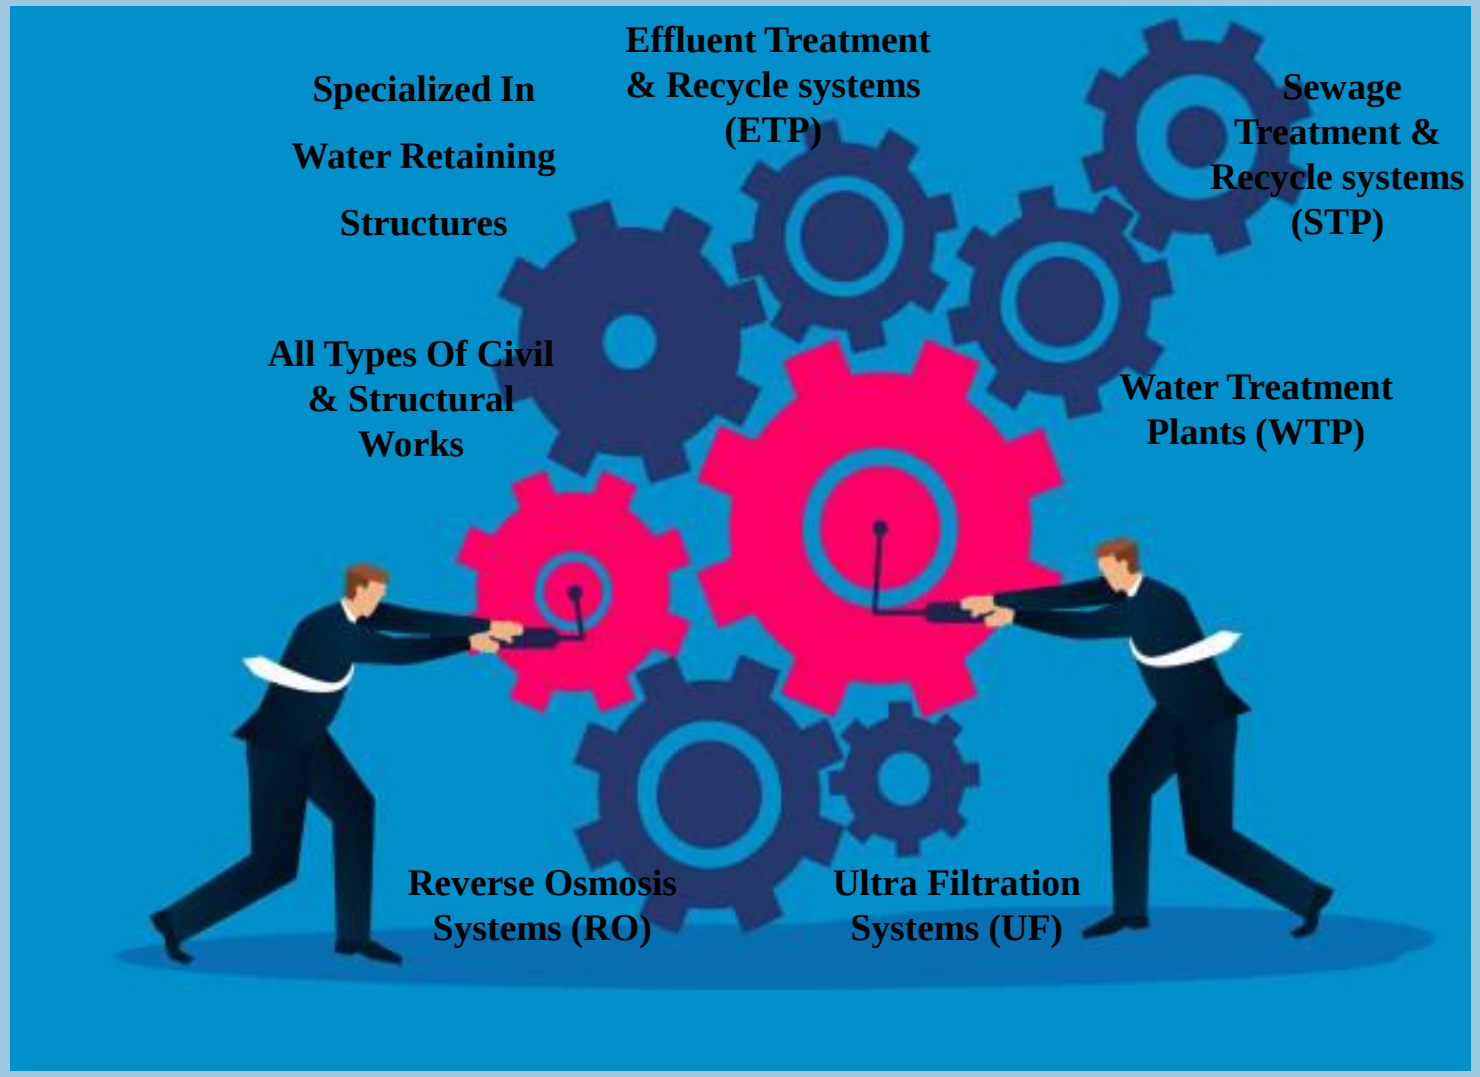

Specialized In :

Construction, Detailed Engineering, Supply, Installation, Commissioning & Operation And Maintenance

- ✓ All types of civil & structural works
- ✓ WTP - Water Treatment Plants
- ✓ STP - Sewage Treatment & Recycle Systems
- ✓ ETP - Effluent Treatment & Recycle systems
- ✓ UF - Ultra Filtration Systems
- ✓ RO - Reverse Osmosis systems
- ✓ Specialized in water retaining structures

SERVICES OFFERED & SOLUTION

ENCON Areas of Expertise

Mason work:

- ✓ Cement flooring
- ✓ Wall plastering
- ✓ Foundation work
- ✓ Repairs, Construction, renovation

Grouting Services:

- ✓ Dry pack
- ✓ Epoxy
- ✓ Injection grouting, Metallic, Non-metallic
- ✓ Non shrink grouting
- ✓ Cementitious, Chemical grout, etc.

Water Proofing works:

- ✓ Swimming pool, Fountain
- ✓ Terrace, Wet areas, Internal, External
- ✓ Basement, Wall, Heat reflective coating
- ✓ Repair, Bathroom, Water tank
- ✓ liquid roofing, bituminous coating, polyurethane, and structure waterproofing.

ENCON- WATER TREATMENT SYSTEMS

Encon Water treatment process improves the quality of water to make it more acceptable for a specific end-use. The end use may be drinking, industrial water supply, irrigation, river flow maintenance, water recreation or many other uses, including being safely returned to the environment.

ENCON- WIDE RANGE OF TREATMENT TECHNOLOGIES OFFERED BY STP & ETP

Encon offers various technologies in both STP & ETP.

Waste water treatment and Recycle plants - ETP

ENCON offers design, treatment and recycle solutions for varied type of industries.

Prefabricated Waste water treatment and Recycle plants

ENCON offers prefabricated waste water treatment and recycle plants for varied effluent and industries. We offer Design & Fabrication services for modular, compact Wastewater treatment and recycle systems providing simple, trouble free & cost effective treatment system.

Salient features of Pre-fabricated skid mounted units:

- ✓ Simple & modular
- ✓ Stainless steel options are also available.
- ✓ Compact & occupies less foot print area
- ✓ Factory assembled (Pre-fabricated)
- ✓ Mobile (could be shifted to new locations)
- ✓ Suitable for expansion
- ✓ Trouble free
- ✓ Cost effective
- ✓ Just in time investment

Prefabricated Waste water treatment and Recycle plants

Some of the applications would cover:

- ✓ Sewage & sullage treatment & recycle for housing & commercial complexes, IT parks, labor colonies at various construction sites.
- ✓ Hotel industries (esp. Kitchen & laundry wastes)
- ✓ Vehicle washings, car wash centers / stations
- ✓ Food processing industries
- ✓ Garment washing units
- ✓ Plating & heavy metal processing industries
- ✓ Rain water & storm water treatment & reuse
- ✓ Surface potable water pretreatment
- ✓ AUTO Ph control systemsand many more.

Complete range of clarification systems offered by ENCON – for Water & Wastewater applications

Encon offers design, fabricate & supply wide range of clarification systems and some of them are as below.

- Conventional clarifiers
- Clariflocculator
- Lamella clarifier/ Inclined plate settler
- Tube settlers
- Solid contact type clarifiers & many more

Complete range of clarification systems offered by ENCON – for Water & Wastewater applications

ENCON offers design, & supply wide range of filtration systems and some of them are as below

- Pressure sand filters
- Activated carbon filters
- Screen filters - auto
- Disc filters - auto & many more.

Complete Range Of Aeration Systems Offered By Encon – For Water & Wastewater Applications

ENCON offers complete range of aeration systems to match the site conditions & to meet the quality needs.

ENCON Industrial Range Of Pre-engineered , Pre Assembled UF & RO Systems

ENCON offers pre-engineered & assembled UF & RO systems for various industries.

- ✓ Tannery
- ✓ Textile Processing
- ✓ Garment washings
- ✓ Treated Sewage
- ✓ Food processing
